Was in Poor Health For Years

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure and I desire to add my testimony that it may be the cause of restoring the health of others". Refuse substitutes. L. S. Simmons.

A Curiosity

Fred Poulson, of the City Shoeing Shop, had a peculiar case to work on a few days since. A horse with feet about a foot long, each, were brought to him to be shod. The superfluous foot was amputated with a saw and afterwards trimmed down. The horse was shod all right, but the peculiar disease is probably incurable and the poor animal will be put out of its misery.

War Against Consumption

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. L. S. Simmons.

Will Have Vacation

Dr. and Mrs. Van Amringe will leave Sonoma for a month's vacation about the first of next month and the former's dental office will be closed for the month of August in consequence.

When there is the slightest indigestion, heart burn, flatulence or any form of stomach trouble take iake a little kodol occasionally and you will be afforded prompt relief. Kodol is a compound of vegetable acids and contains the juices found in a healthy stomach. Kodol digests what you eat, makes your food do you good. Sold by L. S. Simmons.

Must Serve Time

The Appellate Court has affirmed the decision of Judge Seawell in the case of John Solani, convicted of murder in the second degree, and sentenced to ten years in Folsom, for the killing of John Guidotti in Glen Ellen some months ago.

Nearly all old-fashioned Cough syrups are constipating, especially those that contain opiates. They don't act just right. Kennedy's Laxative Cough Syrup contains no opiates. It drives the cold out of the system by gently moving the bowels. Contains Honey and Tar and tastes nearly as good as maple syrup. Children like it. Sold by L. S. Simmons.

The devil still finds letters for idle hands to write.

When the baby is teething it is cross and restless; it becomes feverish, and in many cases vomits a great deal and often times cannot even keep cool water on the stomach. All the delicate little organs of the stomach are affected, bringing on colic and diarrhoea. CASCASWEET for babies and children makes the stomach right and allays inflammation and prevents irritation. CASCASWEET makes baby happy and well. Sold by L. S. Simmons.

Suit to Quiet Title

A suit was filed in Santa Rosa on Monday by Frank M. Ames, Geraldine Ames and Benjaman J. Ames against Ira C. Jenks et al. The suit is the outgrowth of the burning of a deed of property in Sonoma in the big fire in San Francisco in 1906. The complaint states that as court commissioner, Mr. Jenks had sold the property in question to Mary E. Ames, mother of the plaintiffs. She neglected to have it recorded and now the plaintiffs seek to have the court commissioner, who made the deed to their mother, to make a new deed to them as her heirs. The court is asked to order the commissioner to make another deed, the first one having been destroyed. Attorney Robert A. Poppe of this city and Judge R. F. Crawford of Santa Rosa, represent the plaintiffs.

G. B. Burhans Testifies after four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It promptly stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble. L. S. Simmons.

Plaintiff Wins

In the civil suit of Mary L. Chase vs. Dr. T. A. Nufer, judgment was rendered by Judge Small for $52.75 which was paid. Attorney Sprague represented the plaintiff while Attorney Haskell of Petaluma appeared for defendant.

Stimulation Without Irritation

That is the watchword. That is what Orino Laxative Fruit syrup does, Cleanses and stimulates the bowels without irritation in any form. L. S. Simmons.

Why is it that the friends of the bride always rob and the friends of the groom always snicker?

Bad sick headaches, biliousness or constipation are quickly relieved by DeWitt's Little Early Risers. Small pill, sure pill, safe pill—prompt and pleasant action, sold by L. S. Simmons.

FRIDAY JULY 19, 1907

The great interest throughout the country that is being taken in the Canadian Northwest, is shown by a special carload of practical irrigationists from Selma and Fresno, California, who started July 6th for an excursion trip to Calgary, Alberta Canada. They travel in a special car, in which they eat, sleep, and have a good time from start to finish. They propose investigating the great irrigating system of the Canadian Pacific R. R. The excursion is being conducted under the care of E. J. Crandell, of San Jose, California. This party is looking forward to seeing the immense grain fields and large bands of cattle which are said to be found throughout Southern Alberta. They will be a live bunch of California boosters, who intend to let everyone know where they are from, and incidentally the advantages and pleasures of living in California. The Selma people intend to take along with them a good supply of raisins and other dried fruits. They will have a large banner on the car, and in other ways endeavor to make themselves known wherever they go.

A SAD DEATH

Miss Mabel Murphy, of San Fsancisco, who had been making her home temporarily in Glen Ellen, was accidentally drowned in Sonoma Creek near that place last Thursday week.

She, with a number of friends, were enjoying themselves along the creek when the bank suddenly gave way, precipitating her into deep water. She was rescued as soon as possible but life was extinct and all efforts to resucitate the unfortunate girl, were of no avail.

Deceased was a great favorite in Glen Ellen and was greatly loved for her many noble traits of character. The funeral took place last Saturday and was largely attended by sorrowing relatives and friends. Interment was in Mountain Cemetery in this city.

Mohawk Consolidated Has Lease Extended

Goldfield, Nev., July 18th—Important information was given out last night that Mr. Finch, the general manager of the Goldfield Consolidated Mines Company, has extended the lease on the Mohawk Consolidated Leasing Company to Feb. 1st, 1908. Two days before the labor strike last spring, Mohawk Consolidated Leasing Company was reported to have run into an ore body four feet in width averaging $400, a ton clear across the vein, some assays going as high as $22,000.00 a ton. Owing to the calling out of the men by "The Merger," the portion of the Mohawk Consolidated Leasing Company where the high grade ore was discovered, caved in and on account of this cave-in, "The Merger" granted an extension of the lease to Feb. 1st, 1908. The Mohawk Consolidated Leasing Company has the lease on Mohawk Claim No. 1, and is within three hundred feet of the Ish sheets and Kalfus lease, the McNaughton lease and a few hundred feet to the east is the Higginson lease on the Jumbo Extension, all of which, are making big shipments. Extra men will be put at work at once on the Mohawk Consolidated and heavy shipments from this lease may be looked for in the near future. The Mohawk Consolidated has the distinction of being the lowest capitalized company in Goldfield. The capitalization being only 300,000 shares par value $1,000 each. A big speculation is expected in this stock on the San Francisco Mining Exchange.

Skinner-McElroy Nuptials

Brilliant Wedding at the Home of Mr. and Mrs. Wm. McElroy.

The wedding of Miss Lucy McElroy and Mr. Arthur T. Skinner, took place last Sunday at high noon at the home of the bride's parents. Mr. and Mrs. Wm. McElroy, on Broadway.

The spacious double parlors, hall and wide veranda were tastefully decorated in honor of the event and presented a perfect bower of loveliness with festoon of green and white crepe paper and a wealth of white flowers and greenery.

Miss Edna McElroy acted as bridesmaid and Mr. Harry Hintz, a cousin, as best man. Mrs. R. Yoder, of San Francisco, was matron of honor.

The bride, who is an exceedingly pretty and attractive girl, presented a perfect picture of loveliness as she stood beneath the floral wedding bell to take those solemn vows that would unite her to the man of her choice. She was becomingly gowned in a white silk chiffon over white tafetti and wore a wax wreath of orange blossoms and a white silk veil. The wreath was the one worn by the bride's mother at her wedding and had been carefully preserved for these many years.

The bride also carried an exquisite bouquet of myrtle and sweet peas. The sweet bridesmaid looked charmingly pretty in silk mull over green silk.

Promptly at noon, the bridal party stepped into the the spacious parlors to the inspiring strains of Mendelssohn's wedding march played by Roy Pauli on the violin and Mrs. Rowe on the piano, and took their stations beneath the floral bell. Rev. Rowe then spoke the impressive words that united two happy heart in the holy bonds of matrimony.

The ceremony being over and hearty congratulations extended to the newly made man and wife, adjournment was taken to the broad veranda where a sumptuous and elaborate wedding breakfast was served. Forty-two sat at the richly laden tables where cheerful and witty toasts were proposed and answered while the guests enjoyed the epicurean feast of the best the market afforded of a rich variety of good things to eat and drink.

Mr. and Mrs. Skinner departed on the afternoon train for a brief honeymoon trip about the State after which, they will reside in Sonoma. The happy groom is the popular and energetic manager of the Sonoma Realty Co.

The bride's going away gown, was a dream in blue etamine over blue silk and she wore a white picture hat with ostrich plumes. The wedding dress and two other gowns in the bride's elaborate trousseau were Parisian creations of striking beauty.

Mr. and Mrs. A. T. Skinner have the hearty good wishes of a host of friends for a blissful wedded life.

The happy couple were the recipients of many beautiful and costly gifts among which were:—2 clocks, 3 carving sets, silver pie knife, silver meat fork, silver berry spoon 3 silver sugar spoons. 1 set of silver knives, silver spoon tray, silver salad fork and spoon, ½ doz. MARRIED YESTERDAY

District Attorney Clarence F. Lea and Miss Daisy A. Wright, were married in the Baptiste Church in Santa Rosa, yesterday afternoon, by Rev. Turney, pastor of the church. A long and happy life for the popular young attorney and his estimable bride, is the wish of their many Sonoma friends.

High School News

At a meeting of the Trustees of Sonoma Valley Union High School held last Saturday, the following teachers were employed for the ensuing school year: Geo. E. Russel, principal; R. H. Pjatt, Miss Trueblood and Miss Moore. School will reopen in the Clewe building, Monday, Aug. 12, to continue in that place until the new high school building on Broadway has been completed.

Peter Weber Dead

Peter Weber, a young man 29 years of age, who came to Sonoma for the benefit of his health, died of consumption at Dr. Leix's Sanitarium, last Tuesday evening. Deceased was a native of the metropolis and a member of San Francisco Parlor, N. S. G. W., under whose auspices the funeral took place in that city yesterday. A brother of deceased came up Wednesday and took the remains to San Francisco.

Something Doing in Sonoma Grove

A farewell dance in which thirty-five couple participated was given last Monday evening in honor of Fred W. Schaer of San Rafael, who was compelled much to his regret to shorten his visit owning to business affairs which demanded his immediate attention. Sad Sam Smith officiated as floor manager, ably assisted by Miss Catherine Felvey, the belle of the grove. This dance was voted as the event of the season and the Grovers are looking forward to a repetition of that evening.

LOST—Tuesday evening, between El Verano station and Sonoma Grove, a large green four-legged frog, blue eyes, black teeth and two left sides, answers to the name of Maud Finder will please return to the McCormick family who deeply mourn their loss.

Considerable rivalry exists among the guests over the various games in progress on the grounds Geo. Buster Brown of the well known San Francisco tuloring firm of Kelleher Brown annexed the shuffle board championship after a hard tussle with several Cliff House experts. Robert Abrams, the famous backstop of the Mohawk excell in horse-shoes. The whist tourna[illegible] in progress as this paper goes to press, Miss Edna Nolan, better known as the Western Electric Wonder; who celebrated her 25th birthday last Monday, nosed the wire first in the 50 foot swimming contest which was held in Sonoma creek, Tuesday morning. Miss Rose Patrick floated in second, closely followed by Miss M. Boyd. At the conclusion of the race a protest was lodged with the judges of the course to the effect that the winner had done considerable wading during the contest and was partly assisted by a good pair of wings. The protest has not as yet been acted upon and Miss E. Nolan still holds the rattle, the symbol of victory.

Mr. Boyd's Comedy Troupe presented a well-known farce entitled "I Wonder Why the Soup Turns Pale." Miss Mollie Smith performed her role as waitress to perfection, breaking more plates than usual. Mr. Boyd played the role of Sunny Jim. In the middle of his song the juice went out. Miss Molly McCormick suited her manager, but not the audience. Miss Lily Nolan performed the difficult role of the black eyed maiden, with great success. Sad Sam and Shortridge Cavanagh as the brothers McGee, took the house and a part of the creek and have not been found since. Ninety-five cents and one bath ticket was realized from the performance.

A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the greatest athlete have dyspepsia and his muscles would soon fail. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the body relies for its strength. And as the body considered as a whole is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in back and knees, in hands and feet equally. So also will the weakness be equally distributed among the organs, heart, liver, kidneys, etc., being proportionately weak according to the amount of the reduction of their daily ration of nutrition.

By way of example take the case of the Assistant Treasurer of the Catholic Foresters at Quebec, Mr. Louis Pare, who writes:

"For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery—and stop taking the doctor's medicine. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formula and other untruthful statements put fished by competing and disgruntled medicine men concerning Doctor Pierce's World-famed Family Medicines the Doctor has decided to publish all the ingredients entering into his "Golden Medical Discovery." Hereafter every bottle of this medicine leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound, printed in plain English.

Pierce's Pleasant Pellets These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.

I inform my customers that all of the old preparations are filled with narcotic poisons, COCAINE, LEAD, MERCURY, or ERGOT.—G. V. Hackney, Ph. G. M. D., Kansas City Mo.

DR. L. GRIFFIN:—In twenty years' experience I do not know of any medicine curing Piles except your non-narcotic Pile Cure. I KNOW IT CURES. J. H. Trout, M. D., Los Angeles, Cal.

THE NAME "JOHN BULL."

It Was the Invention of the Satirical Dr. Arbuthnot.

John Bull, the mythical personage supposed to represent the English people, was the invention of Dr. Arbuthnot in one of his satirical sketches ridiculing the great Duke of Marlborough. In the opinion of Dr. Johnson, Arbuthnot was "the first man among eminent writers in Queen Anne's time." He drew John Bull as the typical Englishman—a stout, red faced old farmer, far too corpulent for comfort, choleric, but withal an honest and well meaning fellow. He clothed him in leather breeches and top boots, put a stout oaken cudgel in his hand and a bulldog at his heels and set him up for all time to serve as the representative Englishman.

He may have been not so bad a caricature in the days of Queen Anne, but today certainly there is much force in an English critic's remark that "he completely hides the Englishman of real life." The average Englishman of today is physically no stouter certainly than—probably not so stout as—the average American, and the stout cudgel and the bulldog are no longer apt symbols of the modern Britisher's disposition. He has lost the excessive pugnacity of his forefathers and is, above all anxious to keep the peace with his Uncle Samuel.—London Standard.

SILVER MINES.

The Way Nature Forms These Deposits of Precious Metal.

The process by which nature forms her silver mines is very interesting. It must be remembered that the earth's crust is full of water, which percolates everywhere through the rocks, making solutions of elements obtained from them. These solutions take up small particles of precious metal which they find here and there.

Sometimes the solutions in question are hot, the water having got so far down as to be set boiling by the internal heat of the globe. Then they rush upward, picking up the bits of metal as they go. Naturally heat assists the performance of this operation.

Now and then the streams thus formed, perpetually flowing hither and thither below the ground, pass through cracks or cavities in the rocks, where they deposit their lodes of silver. This is kept up for a great length of time—perhaps thousands of years—until the pocket it filled up.

Crannies permeating the stony mass in every direction may become filled with the precious metal or occasionally a chamber may be stored full of it as if 1,000,000 hands were fetching the treasures from all sides and hiding away a mine for some lucky prospector to discover in another age.

SPECKLED TOBACCO.

How the Little Yellow Spots Are Formed on the Leaf.

"Little yellow specks on the wrapper are positive indications of a cigar's excellence. Choose a speckled cigar, and you can't go wrong."

The speaker was a skate salesman. The tobacco salesman laughed at him.

"Are you a victim of that error, too?" he said. "Listen and I'll tell you all about those little yellow specks.

"We are in Cuba. In mile long rows grow the tobacco plants in a blinding sunlight. Suddenly the sky is overcast, a shadow falls. Then the clouds disappear and the sun shines again upon plants dotted here and there with immense raindrops—raindrops peculiar to Cuba, as large as the largest pearls.

"These drops become burning glasses in the sunlight. The same as real lenses they concentrate the sun's heat, and on the leaf beneath them the little specks that you venerate are burned. These little yellow specks indicate the tobacco's quality no more than freckles on a man's face indicate his ability.

"To choose cigars by their specks is as foolish as it would be to choose salesmen by their freckles."—Chicago Chronicle.

"Deprived of His See."

As an example of the ability of the juvenile scholar to evolve an unexpected meaning from his text, a correspondent relates that the following question was put to a history class: "What misfortune then happened to Bishop Odo?" The reply came quite readily, "He went blind." An explanation was demanded, and the genius brought up the text book. "There, sir," triumphantly, "the book says so." The sentence indicated by an ink stained digit read, "Odo was deprived of his see."—London Spectator.

Where the Excitement Was.

"I don't suppose it's unnatural for me to be excited now that the hour for my marriage to the count approaches," said the bride. "I guess I'm the most excited person in town at this minute." "Oh, I don't know," replied Mrs. Nuritch, her mother. "Think how excited they must be over it in the newspaper offices."—Catholic Standard and Times.

His Reception.

Young man—I have called, sir, to request the hand of your daughter in marriage. Old Grumleigh—Has she accepted you? Young Man—Yes, sir. Old Grumleigh—Then what do you want to come round and bother me with your troubles for?

Order.

Order is the sanity of the mind, the health of the body, the peace of the city, the security of the state. As the beams to a house, as the bones to the microcosm of man, so is order to all things.—Southey.

Insult and Repartee.

The difference between repartee and insult depends on whether you or the other man makes the remark.—Life.

India Rubber Tree Fruit.

The fruit of the india rubber tree is somewhat similar to that of the Ricinus communis, the castor oil plant, though somewhat larger. The seeds have a not disagreeable taste and yield a purplish oil. It is a fairly good substitute for linseed oil, though it dries less rapidly. Mixed with copal blue and turpentine, it makes a good varnish. The oil may be also used in the manufacture of soaps and lithographic inks. The seeds are somewhat like tiny chestnuts, although darker in color. The Indian girls are fond of wearing bracelets and necklets made of them.

SEX IN HANDWRITING.

An Interesting Little Experiment to Prove a Theory.

It is a curious fact that one of the only things which even an expert graphologist does not guarantee to discover in handwriting is the sex of the writer. We are accustomed to think that the feminine or masculine temperament will readily betray itself in the written word, but in the majority of cases such is not the case.

Writing bold, black and firm, most masculine appearing in every way, will frequently be found to emanate from the pen of a woman, while delicate tracery, with the regularity suggestive of precision and method or the dash and spontaneity which indicate a lively fancy almost unmistakably feminine, one says on examination is discovered to belong to a writer of the opposite sex.

An interesting little experiment proving this theory can be made in this way: Take twelve or twenty envelopes written in chirographics you are sure of and number each scrap clearly. Pass them around and see how many of your friends will correctly guess the sex of the different writers which may be written down and numbered like the envelopes. It will seldom prove that more than one-third of the guesses at most are correct.—Exchange.

CAPTAIN KIDD.

The Career and the Ending of the Famous Pirate.

Captain Kidd, the famous pirate, started his career with the intention of suppressing piracy. In February, 1697, he left the Hudson in the Adventure Galley with a crew of 150 men with this intention. This expedition had been equipped chiefly at the expense of the Whig ministers, and its commander carried with him, "besides the ordinary letters of marque, a commission under the great seal empowering him to seize pirates and to take them to some place where they might be dealt with according to law."

The king's right to the goods found in possession of these malefactors was granted by letters patent to the supporters of the expedition, his majesty securing only one-tenth of the spoil. Kidd, however, soon finding that little was to be gained by the adventure, threw off all disguise and hoisted the Jolly Roger.

His rapacity and cruelty were unbounded, and in less than two years he amassed the sum of £200,000. With this he thought to make his peace with the authorities and end his days in luxury, but he was arrested at New York and brought to England, where he was tried and hanged at Execution dock in 1701.—London Saturday Review.

Prince Napoleon.

Prince Napoleon in 1870 was something of a prophet. When he heard of the emperor's declaration of war he hurried to St. Cloud and had a stormy interview with the emperor. He didn't hesitate to say, "It is the emperor who has brought this upon us," and the emperor, while offended at his frankness, admitted that "your presentiments perhaps correspond with mine." Then the prince fired his last shot and showed that, though he might go astray in many things, he knew of the weakness of France and the strength of Germany. He turned on his heel and, with that bitterness which he didn't hesitate to exhibit when occasion required, said: "So be it; so be it! Let us, however, make haste to pack our possessions, for we are already beaten." And so the result proved.

To Prosecute Trusts.

If house bill 11,838, introduced at the beginning of the Fifty-eighth session, becomes a law United States attorneys will be empowered, without instruction from the attorney-general, to institute proceedings against trusts that unlawfully restrain trade and commerce. Circuit courts are given jurisdiction to prevent and restrain violations of the antitrust act and it will be the duty of district attorneys to bring proceedings against offenders. The Hon. W. R. Hearst, representative from New York, is the author of the bill.
